

Catholic Social Networking: There's An App For That!

The Holy Spirit is at work on the World Wide Web, so if you are not taking advantage of these resources, you may want to consider it. Most are FREE and some work with smart-phones. You can take a mini-retreat whenever you have a few minutes between meetings, waiting for a car repair, or to start a lunch break. This list is merely a starting point. Feel free to share additional resources for future presentations by emailing Cindee Case, ccase@youngstowndiocese.org.
